Pick your *Ad Release* Targeting Settings

AdRelease™ is an iCrowdNewswire and Google product that provides the world's leading audience targeting technology to reach specific audiences. The first of its kind in the press release distribution industry, AdRelease™ allows users to define a target audience by geography including country, state, city and zip code or postal code, and by demographic segments including age group, interests and languages. Audiences can be targeted to reach groups with multiple interests such as legal and technology. Profitwire is the first industry specific press release newswire to offer AdRelease™ included as part of its product at no extra charge. The AdRelease™ distribution details are entered in the press release submission user interface and AdRelease™ will deliver 45,000 impressions from Google and Facebook and a detailed report is provided 6 days after release distribution.

Opt-out AdRelease™

AdRelease™

Note: Due to new social media content regulations ads with political, crypto currency, violence, sexual or other sensitive subjects are not allowed.

AdRelease™ is an iCrowdNewswire and Google product that provides the world's leading audience targeting technology to reach specific audiences.
